

FawahCo Farms LTD

FawahCo Farms specialized in production of wide range of fruits & vegetables for all applications. Our business covers both national and international markets. We convert huge quantities of fruits & vegetables into different forms of processed products with long shelf lives. We offer tailor made products.

Our products are made by highly skilled professionals in our production facility located in Cairo Egypt. We have our own raw material which is top most grade as we do not compromise with the quality. Our experience in the control of the quality modification that occurs during the process, means we can provide the customer with product with excellent nutritional & healthy properties.
